OFFICE POLICIES

Patient-Doctor Agreements
The purpose of these agreements is to allow us to more completely serve you and to get the best result in the shortest amount of time. It is our experience that those who adhere to the following agreements get the best results,

Signing In
When you arrive, please sign in at the front desk. You will be called and assigned a treatment room in the order you signed in. Other patients may be called before you because of the particular services being received that day or their doctor may be available before yours. When you go to the assigned treatment room, rest, relax and the doctor will be in as soon as possible.

New Injuries
In the event you sustain a new injury. Please let the front desk know as soon as possible. There may be additional paper work to be filed out.

Appointments
After your treatment, please be sure to stop at the front desk to take care of any co-pays or balances, and be sure to make your next appointment.

Payment of Bills
We will expect that you honor all financial agreements made with our office. If you find that you cannot fulfill your financial obligation, notify our financial manager immediately so that new arrangements can be made. Our policy is that patients maintain a zero personal balance. Insurance companies are expected to pay their portion within 45 days of claim submission. If they do not, we expect the patient to call the insurance company on our behalf to help get the claim paid. If an insurance company sends a check to your home, it should be brought or sent to our office as soon as possible unless told specifically this is not the case. Please also bring in the attached explanation of benefits (EOB).

Rescheduling Appointments
We have set up a specific course of treatment for you. A certain number of treatments in a set amount of time are required for us to get the results we both desire. If you need to change this time, please reschedule your appointment for another time on the same day if possible. If the same day is not possible, be sure to make up the missed appointment within one week. **For our massage therapy patients and counseling patients, a 24-hour advance notice phone call is required, so that we may fill that slot. If 24 hours notice is not given a cancellation fee will be charged to your account.**

Progress Evaluations and Re-Examinations
Progress evaluations and re-examinations will be performed periodically to determine your rate of progress and future course of treatment. A special time will be set up for your re-evaluation appointments.

Upsets
We are here to serve YOU. Please speak with the staff or doctor about anything that could be upsetting you (i.e. long waits, staff insensitivity, treatment confusion etc.). We see your comments as helping us to help you and others.

Informed Disclosure and Consent:
Chiropractic Spinal Adjustment Procedures and Physical Modalities

You have the right as a patient to be informed about your injuries and/or condition, as well as the doctor's recommended procedures and any necessary referrals to be utilized to evaluate and treat your complaints. There are potential risks and benefits in all forms of commonly used treatment, including deciding on non-treatment in the hope that the pain and/or lack of ability to perform normal activities will eventually go away. Evaluations at this office consist of a thorough regional examination of your complaints and any necessary diagnostic X-rays. If you are a female of child bearing age, you must inform the physician if there is even the slightest possibility that you may be pregnant (you must be sexually active and have missed a menstrual period), as X-rays can have harmful effects on a fetus. The physician will perform various Range of Motion and Orthopedic Stress Tests to determine the most likely cause of your pain and most appropriate course of treatment for each of your complaints. Your non-surgical spinal-related complaints will be treated with specific chiropractic spinal adjustment procedures using the hands or a mechanical instrument. You may feel joint movement and hear joint noises during the procedure. Minor temporary soreness may occur, particularly early in the treatment, or during periods of flare-up with your return to normal activities; this is also true of massage therapy and physical therapy. More significant risks (for example, fractures, sprains/strains, strokes and disc injuries) are rare. Chiropractors, or D.C.'s, have the lowest medical malpractice insurance claims of all primary care physicians in the USA, including M.D., D.O., D.D.S., D.V.M. and D.P.M. practitioners. The for-profit malpractice insurance industry has determined there is less risk involved in chiropractic spinal adjustment procedures and the adjunct therapies than in the prescribing of medication and surgery (both of which, however, may be necessary for a patient's recovery). I do not expect the doctor to be able to anticipate and explain all potential risks and complications, and I wish to rely on the doctor's education, training and experience to exercise judgment during the course of treatment, based on the facts then known, to do what is in my best interest. I further acknowledge that treatment may worsen or fail to relieve all of my spinal-related pain and that no guarantee of a "new spine" or complete cure have been given. I have had the opportunity to ask questions, and all my questions have been answered fully and satisfactorily. By signing below, I consent to the prescribed treatment plan and intend for this consent form to cover the entire course of treatment for my current complaints and for future conditions for which I seek treatment for my current complaints and/or therapists working at this office (or for the minor patient named below for whom I am the custodial parent or legal guardian).
